

# 700++ Aerator

## The Heart of the Jet Residential Plant System

The flood resistant Jet 700++ Aerator supplies the oxygen and the mixing that supports Jet's exclusive treatment process, converting the wastewater into colorless, odorless liquids and gases.

The aerator works in tandem with the BAT® Media to provide complete biological processing.

Item  
700++ Aerator

Part Number  
700++
